# TERMS & CONDITION OF SALE

## 1. General Policy

Ingersoll Rand, Inc. products are sold through Industrial Gear Pump distributors. Possession of a price list or product catalog does not constitute an offer to sell.

## 2. Terms of Sale

Industrial Gear Pump distributors must meet open account requirements. Terms for open distributors are net 30 days from date of invoice. A service charge of 1-1/2 % per month will be imposed on all invoices that are not paid within these terms.

## 3. Shipments

All shipments are F.O.B. Syracuse, New York. Title to the products being shipped passes to the buyer upon pick up by the carrier. Claims for loss or damage in transit are the responsibility of the buyer. Claims for the shortages against packing list must be made to Ingersoll Rand within 10 days of arrival of shipment.

## 4. Order Receipt

All orders must be placed in writing with a valid purchase order number and include the following: an Industrial Gear Pump part number, ship date, ship to address and valid purchase order number. No verbal orders will be accepted. Delivery dates will be scheduled when the written PO is received. All orders will be shipped prepay and add at Ingersoll Rand's discretion unless a collect account number is received at time of order receipt.

## 5. Limited Product Warranty

For a period of twelve (12) months from date of shipment, Ingersoll Rand, Inc. warrants all their pumps to be free from defects of material and workmanship when used in a service for which the product was designed. If any pump or part is proved to be defective in workmanship or material on examination in our factory, and forwarded to our factory by prepaid carrier, it will be repaired or replaced (at the factory's option) and returned to the customer F.O.B. destination.

Ingersoll Rand, Inc. assumes no liability for pumps that have been altered or tampered with in any way. No pumps shall be returned to the factory for warranty service or credit without prior arrangement with the factory and the assignment of a return goods authorization number.

This warranty is not to be construed that our product shall be deemed fit or suited for all or any particular service. Our pumps are not designed or intended for use with every known substance. If you require assurance or satisfactory pump service life, you are urged to discuss your proposed usage with the company.

Equipment and accessories (motors, controls, etc.) not manufactured by Ingersoll Rand, Inc. are warranted only to the extent of the original manufacturer's warranty.

Ingersoll Rand, Inc. assumes no responsibility for consequential damages arising from the operating failure of the equipment for any reason whatsoever. The company will assume no liability for service calls or expenses incurred in installation or removal of defective equipment and replacements

In addition, Ingersoll Rand, Inc. shall not be held responsible or in default under any agreement or contract for any losses or damages created by its inability to ship or perform as agreed resulting from acts of God, force majeure, labor difficulty, civil or military authority, or those delays encountered through material or transportation difficulties from a supplier to Ingersoll Rand, Inc.

For additional Warranty clauses refer to section "Additional Terms and Conditions of Sale".

## TERMS & CONDITION OF SALE

### 6. Warranty Returns

Ingersoll Rand, Inc. reserves the right to determine whether a claim is warrantable or not, as well as the disposition of a claim relative to its actual return for repair or replacement. In all cases, a request for warranty return must be authorized by Ingersoll Rand, and a RGA number assigned to the returning product. Prior to returning the product Form OP 0230 must be filled out and completed in accordance with the instructions provided. This form will be provided via fax at the time the RGA number is issued. Returned item(s) for warranty repair or replacement shall be shipped at the distributor's expense to:

Ingersoll Rand  
800-A Beatty Street Davidson  
NC 28036 United States  
Phone: (414) 212-4700

Upon inspection, a warrantable item shall be repaired or replaced at no charge and returned to distributor via a carrier of Ingersoll Rand's choice and expense. Distributor will be advised of non-warrantable return item(s), and Ingersoll Rand will follow the distributor's desired handling of returned item(s) at distributor's expense. In all return situations, the item (s) in question must be flushed (cleaned) thoroughly, and all shipments and or transactions shall be through an Industrial Gear Pump distributor.

**Hazardous Liquid Pumps:** In any cases where a pump(s) has been in a "hazardous liquid" service, Ingersoll Rand may elect not to have the unit(s) returned whether for warranty repair / replacement or repair and return. In those cases where a warranty situation exists, Ingersoll Rand reserves the right to ship at no charge either replacement parts or a complete replacement unit to its distributor. When such a pump is authorized for return (for whatever reason), a "Hazardous Material Safety Data" report must be received prior to the receipt of item(s) being returned. Without this report or Ingersoll Rand's knowledge of a hazardous liquid return item, the item(s) will not be accepted, and returned at the distributor's expense. In all return situations, the item(s) in question must be flushed (cleaned) thoroughly, and all shipments and or transactions shall be an Industrial Gear Pump distributor.

## ELASTOMERS

The abbreviations below are used through out the price book. The Non-Compatible data are general guidelines. Please contact one of our knowledgeable sales representatives for a more information or a detailed analysis of your application

Abbreviation		Chemical Name	Trade / Generic Name	Non-Compatible
ASTM	ISO/DIN			
FFKM		Perfluorinated Fluoroelastomer	Perfluoroelastomer	Fluorinated refrigerants; ketones; skydrol fluids; amines; low molecular weight esters and ethers; hot hydrofluoric or chlorosulfonic acids.
PTFE		Polytetrafluoroethylene	PTFE	Not found to be incompatible with viurtually all industrial chemicals
FKM	FPM	Fluorocarbon	FKM	Glycol based brake fluids; ammonia gas; amines; alkalis; superheated steam; low molecular organic acids; ketones; skydrol fluids; hot hydrofluoric or chlorosulfonic acids.
NBR	NBR	Nitrile Butadene Rubber	Nitrile or NBR	Fuels of high aromatic content; aromatic hydrocarbons; chlorinated hydrocarbon; polar solvents; strong acids; nitro hydrocarbons; phosphate ester hydraulic fluids; brake fluid with glycol base; ozone, weather and atmospheric aging.
EDPM	EPDM	Ethylene Propylene Diene Rubber	Ethylene Propylene	Mineral oil products; petroleum oils; di-ester base lubricants.
CR	CR	Chloroprene Rubber	Polychloroprene	Aromatic hydrocarbons; chlorinated hydrocarbons; polar solvents; phosphate ester fluids
IIR	IIR	Isobutene Isoprene Rubber	Butyl	Mineral oil and grease; fuels; chlorinated hydrocarbons, petroleum oils; di-ester base lubricants.
PEEK	PEEK	Polyetheretherketone	PEEK	Sulfuric Acid, Flourine
PPS	PPS	Polyphenylenesulfide	Ryton	Hydrocholric acid, hydroflouric acid, nitric acid, sulfuric acid, sodium hydrochlorite, oxidisine solutions, aromatic hydrocarbons, halogenated hydrocarbons, aldehydes and ketones.

**Materials of Construction:**

1. Stainless steel housing with carbon-ceramic seal, Buna N elastomer.
  2. Stainless steel housing with carbon-ceramic seal, Viton® elastomer
  3. Stainless steel housing with carbon ni-resist seal, Teflon® and Kalrez® elastomers.
- Teflon® is a registered trademark of DuPont. Teflon® or equivalent PTFE will be used. Viton® and Kalrez® are registered trademarks of DuPont Dow Elastomers. Viton® or equivalent FKM will be used. Kalrez® or equivalent FFKM will be used.
